**Practical**

22. **G30.0, F02.81** (Disease, Alzheimer’s, early onset, with behavioral disturbance)  
24. **O98.713** (Pregnancy, complicated by, human immunodeficiency virus (HIV) disease), **B20** (AIDS (related complex)), **B59** (Pneumonia, in, pneumocystosis)  
26. **Z11.4** (Screening, human immunodeficiency virus (HIV))  
28. **T45.1x5A** (Table of Drugs and Chemicals, Substance, Antineoplastic NEC, Adverse Effect), **E86.0** (Dehydration), **C25.9** (Table of Neoplasms, pancreas, Malignant Primary)  
30. **I11.0** (Hypertension, heart, with, heart failure (congestive)), **I50.9** (Failure, heart, congestive)  
32. **I21.3** (Infarct, myocardium, Q wave), **I25.10** (Arteriosclerosis, coronary (artery)), **Z95.0** (Status, pacemaker, cardiac)  
34. **T80.29xA** (Infection, due to or resulting from, infusion, injection or transfusion), **A41.9** (Sepsis (generalized)), **D66** (Hemophilia)  
36. **Z51.11** (Chemotherapy (session) (for), cancer), **C22.8** (Table of Neoplasms, liver, primary, Malignant Primary)  
38. **C77.3** (Table of Neoplasms, lymph, lymphatic channel NEC, gland, axilla, axillary, Malignant Secondary), **C50.411** (Table of Neoplasms, breast, upper-outer quadrant, Malignant Primary)  
40. **C67.9** (Table of Neoplasms, bladder (urinary), Malignant Primary)  
42. **G56.01** (Syndrome, carpal tunnel)  
44. **G31.83, F02.80** (Dementia, with, Lewy bodies)  
46. **F10.229** (Drunkenness, acute in alcoholism)  
48. **T40.5x1A** (Table of Drugs and Chemicals, Substance, Cocaine, Poisoning, Accidental (Unintentional)), **F14.229** (Dependence, drug, cocaine, with intoxication), **I46.9** (Arrest, cardiac)  
50. **F14.23** (Dependence, drug, cocaine, with, withdrawal)  
52. **E11.41** (Diabetes, diabetic, type 2, with, mononeuropathy)  
54. **M00.20** (Arthritis, streptococcal NEC), **B95.5** (Infection, infected, infective, bacterial, as cause of disease classified elsewhere, Streptococcus)  
56. **H90.3** (Deafness, sensorineural, bilateral), **G09** (Sequele (of), meningitis, bacterial)  
58. **I63.231** (Occlusion, artery, carotid, with, infarction)
