CHAPTER 11 EVALUATION AND MANAGEMENT (E/M) SERVICES

THEORY

2. f. Attention to an acute illness or injury that results in hospitalization
4. g. Evaluation and determination of care for a newborn infant
6. d. One who has been formally admitted to an acute health care facility
8. h. One who has not been formally admitted to a health care facility
10. moderate
12. straightforward
14. high severity
16. low severity
18. minimal severity
20. Direct face-to-face, unit/floor
22. counseling
24. emergency
26. Critical care
28. Referral
30. No

PRACTICAL

Office or Other Outpatient Services and Hospital Inpatient Services

32. 99217 (Evaluation and Management, Hospital Services, Observation Care)
    ICD-10-CM: Z04.1 (Observation (following), accident NEC, transport), V89.2xxA (External Cause of Injuries Index, Accident (to), motor vehicle NOS (traffic))

Consultation Services

40. 99244 (Consultation, Office and/or other Outpatient)
    ICD-10-CM: G89.21 (Pain, chronic, due to trauma), M54.5 (Pain, low back)

42. 99252 (Consultation, Inpatient)
    ICD-10-CM: J15.20 (Pneumonia, staphylococcal)

44. 99242 (Consultation, Office and/or Other Outpatient, New or Established Patient)
    ICD-10-CM: H70.10 (Mastoiditis, chronic)

46. 99251 (Consultation, Inpatient, New or Established Patient)
    ICD-10-CM: E11.9 (Diabetes)

48. 99254 (Consultation, Inpatient, New or Established Patient)
    ICD-10-CM: J12.1 (Pneumonia, in (due to), respiratory syncytial virus)

Emergency Department Services, Nursing Facility, Domiciliary, and Home Services

50. 99285 (Evaluation and Management, Emergency Department)

52. 99318 (Nursing Facility Services, Annual Assessment)
    NOTE: All three key components must be met.
    ICD-10-CM: F03.90 (Dementia, senile), E11.9 (Diabetes), I10 (Hypertension), E03.9 (Hypothyroidism), G45.9 (Ischemia, cerebral, transient)
54. **99307** (Nursing Facility Services, Subsequent Care)
   ICD-10-CM: **G30.9, F02.80** (Disease, Alzheimer’s)

56. **99334** (Domiciliary Services, Established Patient)
   ICD-10-CM: **L97.411** (Ulcer, lower limb, heel, right, with, skin breakdown only)

**Prolonged Services and Preventive Medicine Services**

58. **99215** for the office visit (Office and/or Other Outpatient Services, Established Patient) and **99354** and **99355 × 2** for the Prolonged Services (Prolonged Services).
   **NOTE:** 99215 is for the 40 minutes of initial office service and 99354 and 99355 are for the additional 110 minutes.

60. **99396** (Preventive Medicine, Established Patient)

**Services from Throughout the E/M Section**

62. **99202** (Office and/or Other Outpatient Services, Office Visit, New Patient)
   ICD-10-CM: **J02.9** (Pharyngitis)

66. **99318** (Nursing Facility Services, Annual Assessment)
   ICD-10-CM: **I10** (Hypertension), **E11.9** (Diabetes, type 2)

68. **99397** (Preventive Medicine, Established Patient)
   ICD-10-CM: **Z00.00** (Examination, annual (adult)(periodic)(physical))

**REPORTS**

70. Report 2: **99239** (Discharge Services, Hospital)
   ICD-10-CM: **C79.89** (Table of Neoplasms, pelvis, pelvic, Malignant Secondary), **C80.1** (Table of Neoplasms, unknown site or unspecified, Malignant Primary), **I87.1** (Syndrome, vena cava), **T82.898A** (Complication, catheter NEC, intravenous infusion, specified type NEC), **I10** (Hypertension), **G89.3** (Pain, chronic, neoplasm related)

72. Report 4: **99221** (Evaluation and Management, Hospital)
